

PRESS RELEASE – March 2009

For immediate release

Morgan for Children in Need

To celebrate its 100 Years, Morgan has produced a unique 4/4 Sport model which is being raffled in aid of the famous “Children in Need” charity.

Painted a unique pearlescent white, and with a celebrity signed bonnet, this 4/4 Sport is a very special car indeed.

“Children in Need” raised a staggering £21 million last year, and the amount of support throughout the world for needy children has certainly improved a huge number of lives.

What better way can there be of helping children who have not been given the start in life we would all wish for our own. The chance to win such a prize is surely the icing on the cake.

The target is to raise £100,000 in our 100th year. Tickets cost £5 / Euro7 and the draw will take place on Friday 20th November.

Tickets can be purchased online at www.morgan-motor.co.uk. For more information on “Children in Need” visit www.bbc.co.uk/pudsey.
