

MORGAN MOTOR COMPANY

Service & Electrical Technician

£32k gross pa + benefits

An enthusiastic, self-motivated person with a passion for producing quality work is required for a key role in the Aero Racing after-sales division of the **Morgan Motor Company Limited**.

The Company: Located in Malvern, West Midlands, Morgan Motor Company Limited is an innovative British sport car manufacturer; they have operated in a niche automotive sector since their launch in 1909.

The role: A rare opportunity to join a small, specialised team of skilled motor technicians in the Service Department at the Malvern factory.

MAIN DUTIES

- Servicing of Morgan sports cars for global client base.
- Fault diagnostics of electrical and mechanical systems, including engine systems and up to date body CAN systems, detailing the source of the fault and generating any required corrective action to prevent a reoccurrence.
- Re-builds/accident damage to include stripping and re-building of vehicles as required.
- Warranty work to customers vehicles, provide internal feedback and troubleshoot warranty issues to prevent a reoccurrence.
- Production work (rectification of faults on vehicles from the production line).
- Maintenance of works vehicles (including sales and press cars as well as the transport fleet).
- Suspension upgrades.
- Re-build engines, gearboxes, axles, brake assemblies etc.

OCCASIONAL DUTIES

- Race car preparation.
- Development work.
- Collecting/delivering customers cars.
- Supervision and training of work experience students or apprentices.
- Assistance and input into Morgan Dealer training workshops.
- Valet and prep vehicles ready for customer collection.

KNOWLEDGE, SKILLS, TRAINING & EXPERIENCE REQUIRED

The successful applicant must have a good level of proven practical experience supported by professional qualifications.

- 4 year apprenticeship in Motor Vehicle Engineering to City & Guilds Level.
- Knowledge and proven experience of diagnostic equipment and fault-finding codes.
- In depth knowledge of motor vehicles and all related components.
- Ability to fabricate parts (brackets etc.) as required.
- Previous experience of vehicle restoration work.
- TIG/MIG Welding experience.
- Previous experience of Morgan vehicles would be an advantage.

The successful candidate will display:

- A keen attitude and motivated personality.
- The ability to work within a small team.
- The capacity to demonstrate analytical thinking.
- Speed and accuracy in methods with the ability to work to standard times and deadlines.
- A meticulous approach to quality with a keen eye for detail.
- Good housekeeping routines.

Terms & Benefits

- Salary £32k gross pa
- 37.5 hours per week (Monday to Friday)
- 33 days holiday per year (includes some bank holidays)
- Company pension scheme
- Death in Service Benefit
- Subsidised private medical insurance (BUPA)
- Subsidised uniform
- Cycle2work Scheme
- Employee Savings Scheme
